

Master Programs
Faculty of Engineering, Khon Kaen University

1. Civil Engineering
2. Electrical Engineering
3. Agricultural Engineering
4. Industrial Engineering
5. Mechanical Engineering
6. Environmental Engineering
7. Chemical Engineering
8. Computer Engineering Energy
9. Engineering Industrial and Logistics Engineering Management
10. Materials and Manufacturing Engineering
11. Biomedical Engineering
12. Innovation Engineering
13. Water Resources Management

Qualifications for Applicants

Study Plan	Qualifications
Plan A1	The applicant must hold a bachelor's degree in engineering, science, technology, industrial technical education, medicine, dentistry, pharmacy, or a related field, which have to be approved by the program's administration committee and should have a cumulative GPA of at least "very good" throughout the course or have a minimum of 1-year work experience.
Plan A1 and Plan 2	The applicant must hold a bachelor's degree in engineering, science, technology, industrial technical education, medicine, dentistry, pharmacy, or a related field, which have to be approved by the program's administration committee.
If the applicant does not meet the qualifications, it is at the discretion of the Curriculum Management Committee.	

Graduation Requirements

Study Plan	Qualifications
Plan A1	(1) The student must publish at least one article in a national or international academic journal listed in the TCI database or an international database. (2) The student is required to create a poster for academic dissemination purposes to promote their research findings.
Plan A1 and Plan 2	(1) The student must publish at least one article in a national or international academic journal listed in the TCI database or an international database, OR; (2) The student is required to have at least one article published in a standard Proceedings of an academic conference. (3) The student is required to create a poster for academic dissemination purposes to promote their research findings.

Scholarships:

1. Scholarships supporting research and study for graduate students to conduct thesis, dissertation or independent study

For master students: up to 30,000 Baht/person

For doctoral students: up to 30,000 Baht/person

2. Award for publishing research work

Doctoral students who have published research work or part of a research work that has been published or accepted for publication in an international journal indexed in SCIE database, starting from the first or second quartile, with at least 2 articles or more (paying only for the second article onwards) and the article must have been accepted before notifying the end of the study. The student must be the first author and will receive a prize of 20,000 Baht.

Master students who have research papers or parts of research papers that have been published or accepted for publication in international journals indexed in the SCIE database, with at least 1 article, and the work must have been accepted before the end of the student's program. The student must be the first author. If the article is in the 1st or 2nd quartile, the student will receive a prize of 20,000 Baht. If the article is in the 3rd or 4th quartile, the student will receive a prize of 10,000 Baht.

Admission

Submit the application via <https://interadmission.gs.kku.ac.th/>

Recommended Admission Period:

First semester: January – April

Second Semester: August – September

Tuition Fee

Fees	Regular Program	Special Program
Tuition Fee	30,000 Baht	40,000 Baht
International Student Fee	15,000 Baht	15,000 Baht
